

Getting Started with Moodle

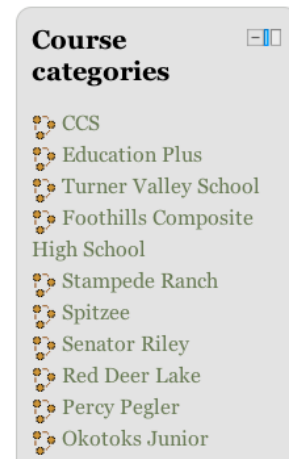

A cheat sheet for students

- 1) Visit Moodle: <http://moodle.fsd38.ab.ca>
- 2) Login with your school division login and password (The same one you use to sign in to a computer).

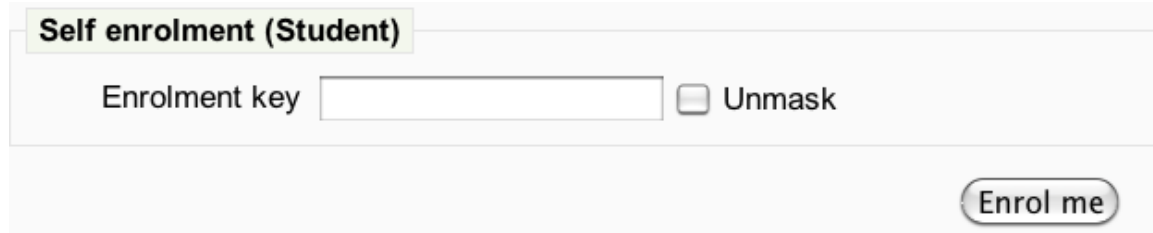

The screenshot shows a 'Login' form with a title bar containing a close button. It includes a 'Username' field with the text 'somestudent-hhs', a 'Password' field with masked characters, a 'Login' button, and a 'Lost password?' link.

- 3) You will see a list of the courses that you belong to on the left hand side of the screen. If instead you see a list of schools, simply click on your school (you can also click "All courses at the bottom of this window to see all available courses).

The screenshot shows a 'Course categories' list with a title bar containing a close button. The list includes several school names, each preceded by a small icon: CCS, Education Plus, Turner Valley School, Foothills Composite High School, Stampede Ranch, Spitzee, Senator Riley, Red Deer Lake, Percy Pegler, and Okotoks Junior.

- 4) If this is your first time visiting this class you will be prompted for an **enrollment key**. Your teacher will provide this to you. Enter the key and then click "Enroll me".

The screenshot shows a 'Self enrolment (Student)' form. It features a label 'Enrolment key' next to an empty text input field, followed by an 'Unmask' button. At the bottom right, there is an 'Enrol me' button.

- 5) Follow the instructions on the screen to participate in your course.
- 6) Next time you visit Moodle, you will see this class listed on the left hand side.
