Steps to conjugating regular verbs in French:

1. Find the infinitive – the verb in its original form. Ex: Parler, Vendre, Finir. By knowing what kind of verb it is (-ER, -RE, -IR) you will know how to conjugate and which verb ending to use.
2. Take off the -ER, -RE, -IR from the infinitive.
3. Add the ending that corresponds to the particular verb and pronoun (Je, Tu, Nous...etc.)
