

Painting in Plein Air Assignment

Spring is here, and everyone is ready to be outside. Why not take the paints with you? En *Plein Air* painting is just a fancy French way to say "painting in the open air." It's been around for centuries, but was really popularized by Impressionist painters. You will use the Impressionist Brush Strokes Study Reading Resource in our Moodle class to replicate the style, strokes, use of light and vivid colours of the impressionists to create a *Plein Air painting*.

CHOICE #1: Go outside and paint a scene or use a photo that you have taken outdoors and paint it.

CHOICE #2: Download, Print and Repaint an Impressionist Painting from our Moodle class "Repaint an Impressionist Painting" Resource.
